## ACORDES

A5                      F5                      C5                      D5

When the daylight is falling down into the night

A5                      F5                      C5                      E5

And the sharks try to cut a big piece out of life

A5                      F5                      C5                      D5

It feels alright to go out to catch an outrageous thrill

A5                      F5

But it's more like spinning wheels of fortune

C5                      E5

Which never stand still
